

NO PEACEFUL MEN TO BE MOLESTED AT GOLDFIELD

Troops Are Not Sent to Take Sides With Either the Miners or the Mine Owners, the President Declares.

Washington, D. C., Dec. 12.—The following instructions have been sent to the commanding officer of the troops now at Goldfield, by order of President Roosevelt:

"The troops are not sent to take the part of either side in a purely industrial dispute, as long as it is kept within the bounds of law and order. They are to be neither for nor against the strikers or the employers. They are to prevent riot, violence and disorder, and to act in accordance with the constitution and the laws of the land. No man is to be interfered with as long as he conducts himself in a peaceful and orderly manner."

Assistant Secretary Murray of the department of commerce and labor, Charles P. Kelly, commissioner of labor, and Herbert Knox Smith, commissioner of corporations, left here yesterday for Goldfield, Nev., to make a thorough investigation of the trouble between the miners and mine operators there.

President Roosevelt has given the commission a brief letter of instructions, directing them to make an investigation and report to him personally. The letter also directs all civil and military authorities to furnish any information they may possess.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalence of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the commonest diseases that prevail, they are almost the last recognized by patient and physician, who consider them trifling ailments, while the original disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmor & Co., Birmingham, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmor's Swamp-Root, and the address, Birmingham, N. Y.

BURIED MINERS AT ELY ARE STILL ALIVE.

Three Entombed Men Are Able to Communicate With Those Outside and Get Food and Water Through a Pipe.

Reno, Nev., Dec. 12.—Three miners, Brown, McDonald and Bailey, who have been entombed for a week in a drift of the Giroux mine at Ely, are still alive and able to communicate with miners at the top of the shaft. They have been given enough food and water through a six-inch water pipe to last them a week longer. The men report that they are well and unharmed.

Only one other man in the history of mining in this country spent a longer time in the bowels of the earth to be afterward rescued than these men. That was L. B. Hicks, who remained 13 days in a living tomb, when the Edison shaft at Harkersfield, Cal., caved in. He lived almost exclusively for many days on a supply of tobacco, which he had a large supply when he was buried. He, too, was fed through a large pipe. He materially aided workmen in saving him, for on the last day he took part in shoveling away the dirt from around him. Afterward he signed a contract to go on the vaudeville stage for one year at \$600 a week, but had stage fright so badly at first appearance that he never repeated. He went back mining at \$3 per day.

STONED TO DEATH BY ANGRY MINERS

Prof. Boggs, Former Maine Man, Dies at Hands of Gang of Mexicans.

Denver, Col., Dec. 12.—A letter has reached here giving the details of the murder of William Robertson Boggs, one of the foremost metallurgists of the country. He was waylaid and stoned to death near Topia, Mex., by a gang of Mexican miners in his employ on Dec. 1. Boggs was unable to pay his men their wages and they killed him. Fifteen men have been arrested for the murder and detectives are endeavoring to locate all connected in any way with the crime. Boggs was formerly a professor of chemistry at Howard university in Alabama. He was born in Augusta, Ga., and was 50 years old.

SHAFT FOR HORSE TO COST \$40,000.

Henry Graves Provides in Will For Ice Cook—Family Shaft to Cost \$250,000.

Chicago, Dec. 12.—The will of the late Henry Graves, who, next to Alexander Drexler, was the oldest resident of this city, provides for a memorial to the Graves family and to a race horse. For the family a monument is to be erected in Graceland cemetery to cost \$250,000. For the horse, the first horse to trot a mile in 2:30 over the Garden City park track in 1910, a \$40,000 fountain is to be raised at Fifty-ninth street and South Park avenue, with this inscription: "Honored and erected by Henry Graves, Ice Cook trotted one mile in 2:34 in 1896 over the Garden City race track, located 80 rods from this spot in the direction in which he is looking."

DORIS SARAFFOFF, FAMOUS BULGARIAN CHIEF, SHOT.

Killed at Threshold of His Home By a Macedonian.

Sofia, Bulgaria, Dec. 12.—Boris Saraffoff, the most famous of all the leaders of the Bulgarian bands in Macedonia, was shot dead at the threshold of his house yesterday by a Macedonian, who at the same time shot and killed another revolutionary chief named Gavriloff, while the latter was in the act of bidding Saraffoff farewell. Saraffoff was appointed commander of the Macedonian revolutionary forces that made so much trouble in the summer of 1903. His name was prominent in all the uprisings in Macedonia against the Turks, and he has been described as the most romantic figure in the Balkans. He was popularly believed to be the instigator of the abduction of Miss Ellen M. Stone, the American missionary, from the valley of Salonica in September, 1901.

1,100 SHOVELED SNOW IN GOOD OLD SUMMER TIME

Chicago in Dire Trouble Over a Hang-over Blizzard.

Chicago, Dec. 12.—Far-reaching effects of the great snowstorm of January, 1905, have just been uncovered by the city civil service commission. The most phenomenal discovery was that 1,100 street laborers still are employed by the city for the removal of that remarkable snowstorm.

According to the records, these 1,100 emergency laborers were kept pegging away at the removal of snow all through the campaign for the election of Mayor Dunne and all through his administration.

Curiously enough, the number of men required for the removal of snow rose to 1,500 in July.

NORTH CAROLINA RATE WAR CAN'T BE SETTLED.

Railroads Refuse to Compromise and Indefinitely Tie Up Litigation.

Raleigh, N. C., Dec. 12.—Plans to compromise the railroad rate litigation are seemingly at an end for the present, owing to the refusal of the Atlantic Coast Line and some smaller lines to agree to terms acceptable to the state and the Southern railway.

This is the gist of the statement issued by Governor Glenn after a visit to him by President Finley of the Southern railroad.
